## **Kennywood begins daily season on Wednesday, May 16**

after receiving rave reviews regarding its two new rides: *Cosmic Chaos* & *SS Kenny*

**West Mifflin, PA**— Kennywood amusement park begins the 2007 daily season on Wednesday, May 16. After just four days of operation, rave reviews are already spreading regarding the park's unique new flat ride sensation, *Cosmic Chaos*. Surrounded by friendly little aliens, the ride is "out of this world!" For a tamer treat, Kiddieland is making a splash with the *SS Kenny*, a family tugboat ride. Skipper Kenny Kangaroo welcomes all ages to join in the fun.

Returning to thrill the crowds with its amazing dives and gymnastics is Dana Kunze's High Dive team. These amazing athletes in their swashbuckling new show: *Pirates of Kenny Cove*, located in the center of the Park, are not to be missed! Shows take place throughout each day.

**This season Kennywood also introduces electronic entertainment** at the park, via *Kenny TV*, and at home, via *K-Clips*. *Kenny TV* is basically an internal TV station, (HD screens will also be located at Sandcastle [www.sandcastlewaterpark.com](http://www.sandcastlewaterpark.com) in West Homestead, PA, and Idlewild & SoakZone [www.idlewild.com](http://www.idlewild.com) in Ligonier, PA). *K-Clips* <http://www.kennywood.com/kclips/index.php> is a Web based application allowing anyone to create his or her own version of a Kennywood TV commercial.

Guests looking for even more electronic fun from home are encouraged to explore the *Fun Zone* at <http://www.kennywood.com/funzone/funzone.php>. Along with K-Clips, there are free ring tones, informal Pod casts, wallpaper, and more.
